Workshops

Let's tackle it together!

Know-how on site: On our premises in Gütenbach we shall show you how thrilling and diversified scale modelling can be. Model layout, Car System or Car System Digital: in our workshops newcomers and advanced modellers will learn from experienced professionals, and will take home useful tips for their project. Just book a place now – and take part! Information in this regard are to be found on the internet at *www.faller.de* – or simply call us: Phone +49 (0) 7723 651-0.

Trade fair dates 2019

Shall we meet there?

Experience FALLER live: it's possible in Baden, Franconia, Saxony, Westphalia and Wurttemberg. Anyone who wants to do it in a more international way can also meet us in France, the Netherlands, Italy, Austria or Poland. Anywhere you want, any time you want – we look forward to it!
Full expo schedule for 2019 you will find at: *www.faller.de*

140119

»Caesar's Palace« Ticket booth

Pure luxury and plenty of winners, that's what venturers are going to find in »Caesar's Palace«, stationary model of a former funfair lottery booth which was designed by the Workshop for Applied Advertising (»afaw«) to pay homage to that legendary casino resort in Las Vegas, with antique motifs and period elements.

Epoch V • 222 × 78 × 118 mm • 06/19

SPECIAL SETS

Punctually at the start of each model-making saison various promotional sets are supplied to the trade. They are composed of several building models that thematically match each other and are in some cases not available separately.

190163

Promotional Set »Town houses on the banks of the Danube«

Eye-catcher in the residential district. Two renovated four-storey old-town buildings, one with its facade parallel to the street, the other featuring its gable end aligned with the street, one with half-hipped roof and one with mansard roof including windows and dormers. Both models can be built separately and integrated in a row of houses in a variety of ways.

Epoch III • Townhouse 1: 94 × 79 × 201 mm • Townhouse 2: 91 × 61 × 184 mm • 05/19

190162

Promotional Set »Alpine houses«

Traditional. Two masonry mountain chalets in typical alpine style, one with timber structure in the upper storey. Ornamental motifs in the gable, a small timber extension, benches and a fountain trough underline the regional style of both two-storey houses.

Epoch I • Alpine house: 96 × 92 × 60 mm (2 x) • 05/19

120102

»Thale« Signal tower

Regional Harz style. Laser-cut model true to the original temporary signal tower built in 1897 in Thale and nowadays classified as a historical monument, with masonry ground floor and a half-timbered upper storey with corner turret.

Epoch II • Lasercut model • 130 × 73 × 121 mm • 09/19

120095

Goods shed

Goods shed of timber construction with masonry foundation and large roof projection protecting the working area of the loading platform against meteorological conditions. Four large sliding gates and a flight of stairs make access to the shed possible.

Epoch II • 205 × 162 × 102 mm • 05/19

120109

Covered footbridge

Footbridge with two uncovered flights of stairs and covered closed walkway.

Epoch II • 273 × 195 × 138 mm • Clearance: 94 mm • 05/19

Colour variant

130895

Concrete mixing plant

Tower mixing plant with elevator, vertical silos and a platform with flight of stairs. The large gate of the masonry mixing tower allows transport trucks to access the facility. Fencing to delimit a storage yard is provided. Model without function.

Epoch II • Concrete mixing plant: 150 × 115 × 222 mm • Barn: 135 × 80 × 38 mm • 05/19

180399

Concrete wall

Concrete elements with plinth and a round top allowing to build a high wall. Some elements feature holes in the wall.

Epoch III • 220 × 24 × 43 mm • 04/19

130615

Lidl supermarket

It's worth it! Supermarket of discounter »Lidl« with brickwork, metal gable cladding, double pitch roof, and a lateral delivery zone. Matching accessories such as e. g. shopping carriages along with their gathering point and advertising panels are provided with the small supermarket.

Epoch V • 266 × 184 × 86 mm • 08/19

130593

»Kupfer« Inn

From the flowering period of timber framework art in Lower Saxony. Laser-cut model of the historical »Kupfer« inn in the small town of Stolberg in South Harz. The facade parts of that two-storey building are digitally printed with ornaments of the timber framing renaissance.

Epoch I • Lasercut model • 101 × 107 × 113 mm • 09/19

Colour variant

130618

Post office

Imposing, three-storey administration building with post office branch and loading platform at the rear.

Epoch I • 190 × 195 × 215 mm • 05/19

Colour variant

130650

Historical town hall

Two-storey town hall building according to an original located in Allmannsdorf near Constance, with a roofed entrance area slightly standing out from the facade, flight of stairs, oriel window, tower-like extension as well as a small bell lantern. Dark timber framing elements in the upper storey, an ornament carved in wood, and a gable clock predominate on the external facades.

Epoch II • 175 × 160 × 230 mm • 05/19

Colour variant

130629

Town church

Large, two-steeple town church with semicircular apse and lateral access to the vestry. Both steeples can be built with onion tower or slender spire, at choice.

Epoch I • 340 × 140 × 368 mm • 05/19

130595

Dwelling house with village shop

Two-storey brick construction with richly ornamented arched gable in traditional Bernese style, shingle facing in the upper storey and wood siding on the attic floor. The ground floor accomodates a village shop of chain store operator »Volg«. A market stall is provided for decoration.

Epoch IV • 200 × 120 × 136 mm • 08/19

130596

Boardinghouse »Rheinblick«

Bright two-storey boardinghouse with shingle facing, window borderings and shutters of contrasting colors, wood siding on the attic floor as well as a half-hipped roof with painted arched gables.

Epoch III • 162 × 120 × 130 mm • 08/19

130594

»Old gate house« Restaurant

Laser-cut model, faithful reproduction of the original ancient gate-keeper lodge of the miners' hospital of Quierschied in Saarland. Its particularly characteristic features are the facade combining brick-work, rendering and half-timbered attic with the inviting flight of stairs leading to the roofed entrance area.

Epoch V • Lasercut model • 91 × 63 × 68 mm • 07/19
